Site	Abbreviations	Notes:	Vacation: All residents are allowed 3 weeks vacation. Request are submitted and cleared by the Program
1- University of Maryland Medical Center	ACES- Acute Care and Emergency Surgery	Research Experience: All Residents in the integrated program are given the opportunity to pursue	Director and logged in E*Value. Coverage alterations are made by the chief resident.
2- Upper Chesapeake Hospital	CSICU- Cardiac Surgery Intensive Care Unit	a dedicated 2-year research experience between the PGY3 and PGY4 years. In addition, ample	Electives: Cardiothoracic Transplantation Transcatheter Aortic Valve Replacement Congenital Heart
3- Baltimore Washington Medical Center	VAD- Ventricular Assist Device	opportunities are available for residents to participate in clinically-based research projects with	Surgery Robotic Thoracic Surgery
	CABG-Coronary Artery Bypass Graft	faculty members during their clinical training years. Opportunities and ongoing work are	
	ECHO- Echocardiography	presented at bi-monthly resident research conferences.	
	CCU-Coronary Care Unit
